Khaparkheda**

✧ **Date - 21st October, 2023** ✧

Theme

The SWAYAM and MOOC Platform was developed indigenously by the All India Council for Technical Education (AICTE) in 2016. The aim of introduction of these platforms is to facilitate the hosting of online learning courses. These courses have to be designed by taking into account the convenience and academic interests of the learners who can gain access from any place and time according to their choice. The SWAYAM initiative was launched by the then Ministry of Human Resource Development (M.H.R.D.) (now Ministry of Education), Government of India under Digital India. The purpose is to make available a free platform for need-based courses. The National Education Policy 2020 aims to lay emphasis on online skill based courses which will contribute in enhancing the employability skills of the students across the nation. In many Higher Educational Institutions it has been witnessed that the teachers are desirous to design such courses which can be made available on SWAYAM and MOOC but proper guidance and directions regarding steps to be followed are lacking. With this objective in mind the workshop has been organized.

Sessions to be held on -

1. Creation of Course/Module
