Activity Report																													
Academic Year	2020-2021																												
Name of the Activity	Seminar on Energy Conservation in Day to day Life																												
Number of Participants	All Students and staff																												
Venue	Online Mode																												
Brief Report	The Seminar on Energy Conservation in Day to day Life was held on the 12.08.20, Energy conservation plays a critical part in mitigating climate change, maintaining a healthy environment, and ensuring sustainability for future generations. It is vital to understand that reducing energy consumption helps in lowering greenhouse gas emissions and reducing the strain on natural resources. Every small change can contribute significantly to a larger, more positive impact.
